

Enable Two-Factor Authentication for Staff

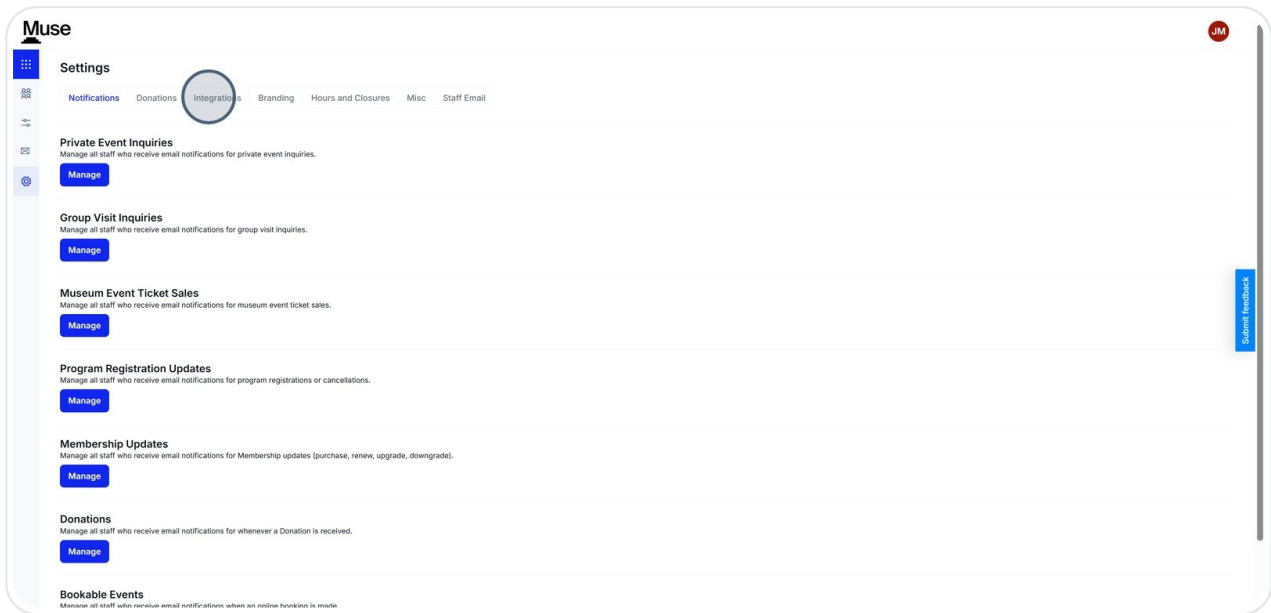

1. Click on the blue North Star icon.

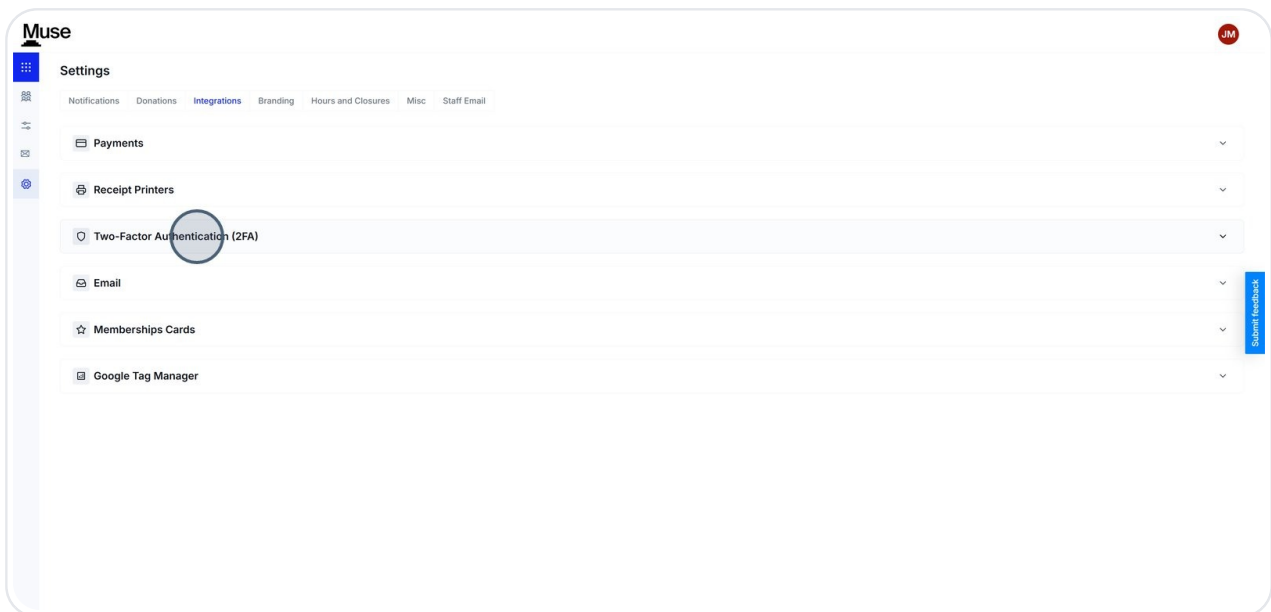

2. Click 'Settings' in the sidebar menu.

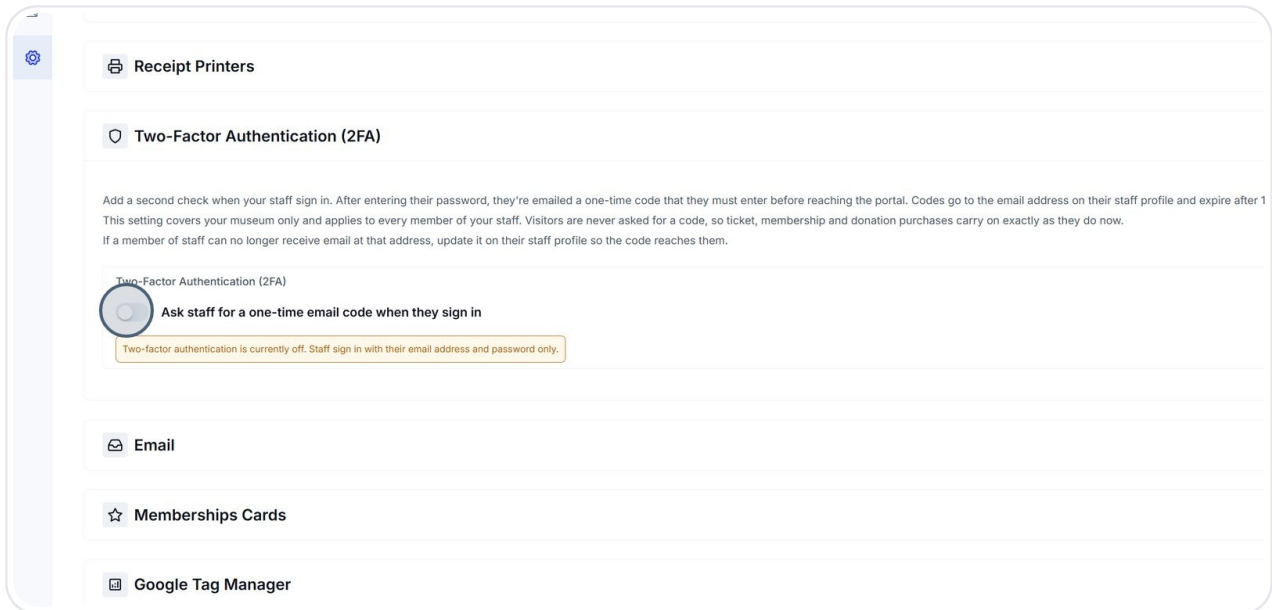

3. Click on the Integrations tab.

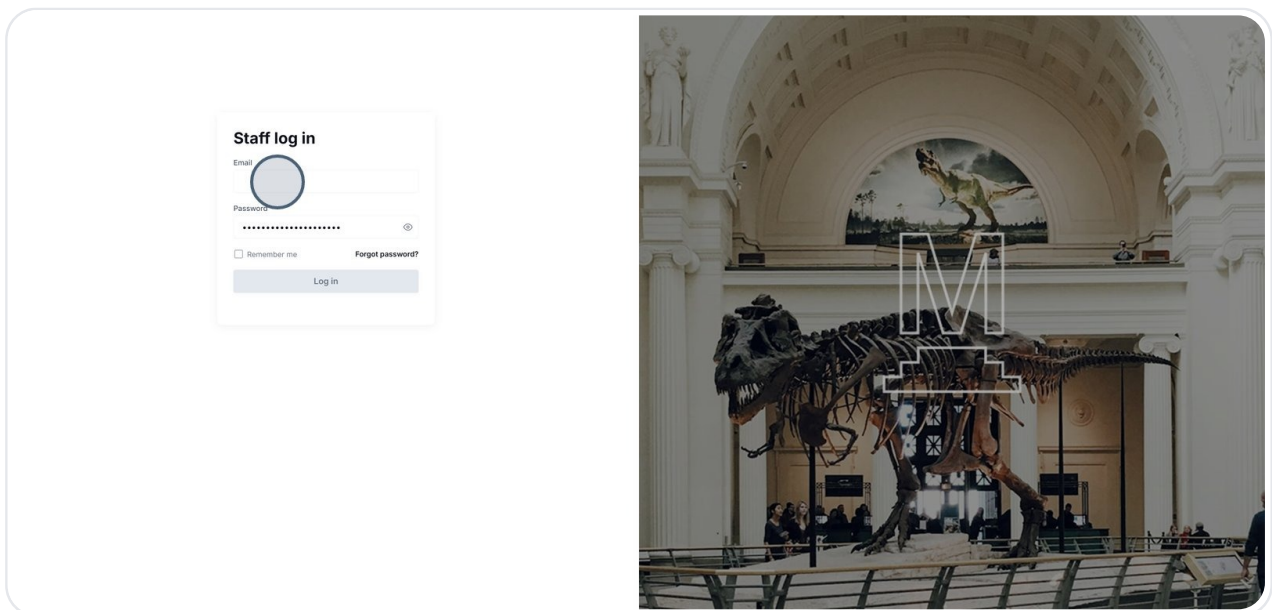

4. Expand the Two-Factor Authentication (2FA) section.

5. Enable this toggle to require staff to enter a one-time email code at sign-in, adding an extra layer of protection.

6. To see this in action, enter your work email and password.

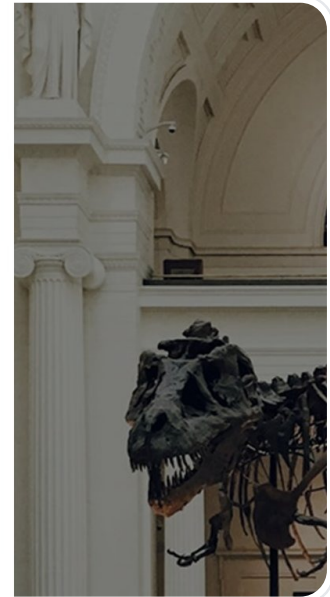

7. Click 'Log in' to move forward and verify your details.
