

Setting Up Digital Membership Cards

Learn how to configure your organization's digital membership cards within the Muse Software portal. This guide walks you through uploading branding assets, selecting color schemes, and finalizing layout details to ensure a professional look for your members.

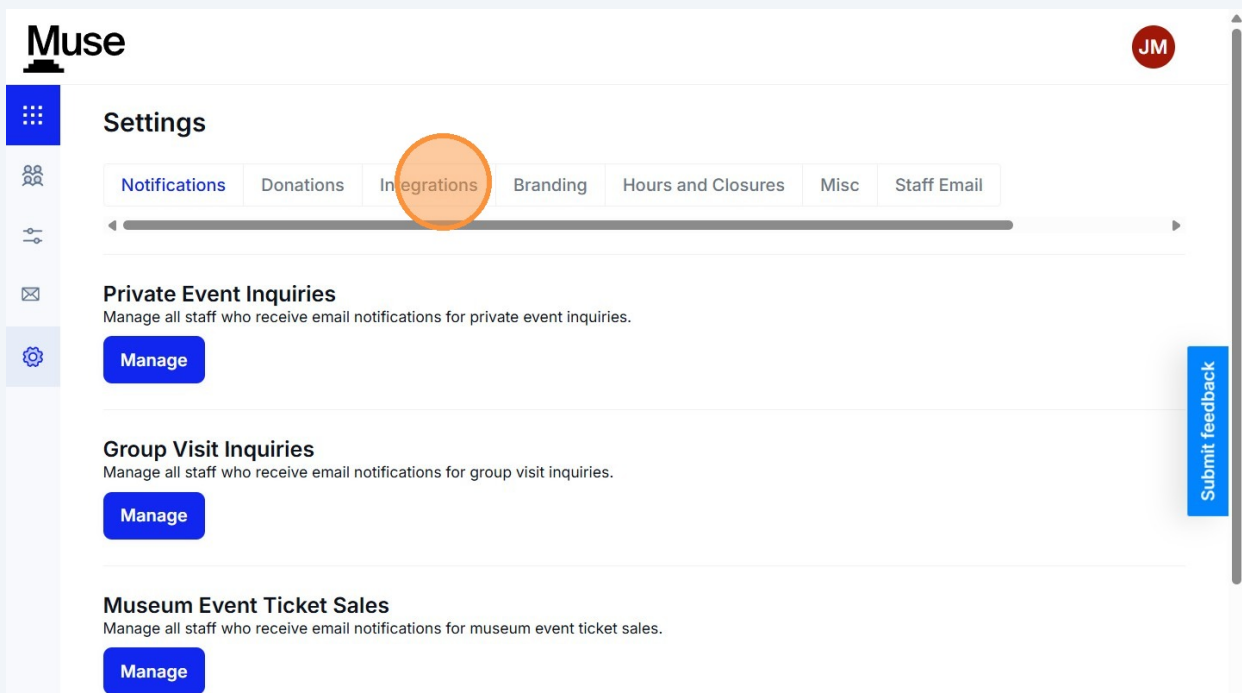

1 Click the blue North Star icon.

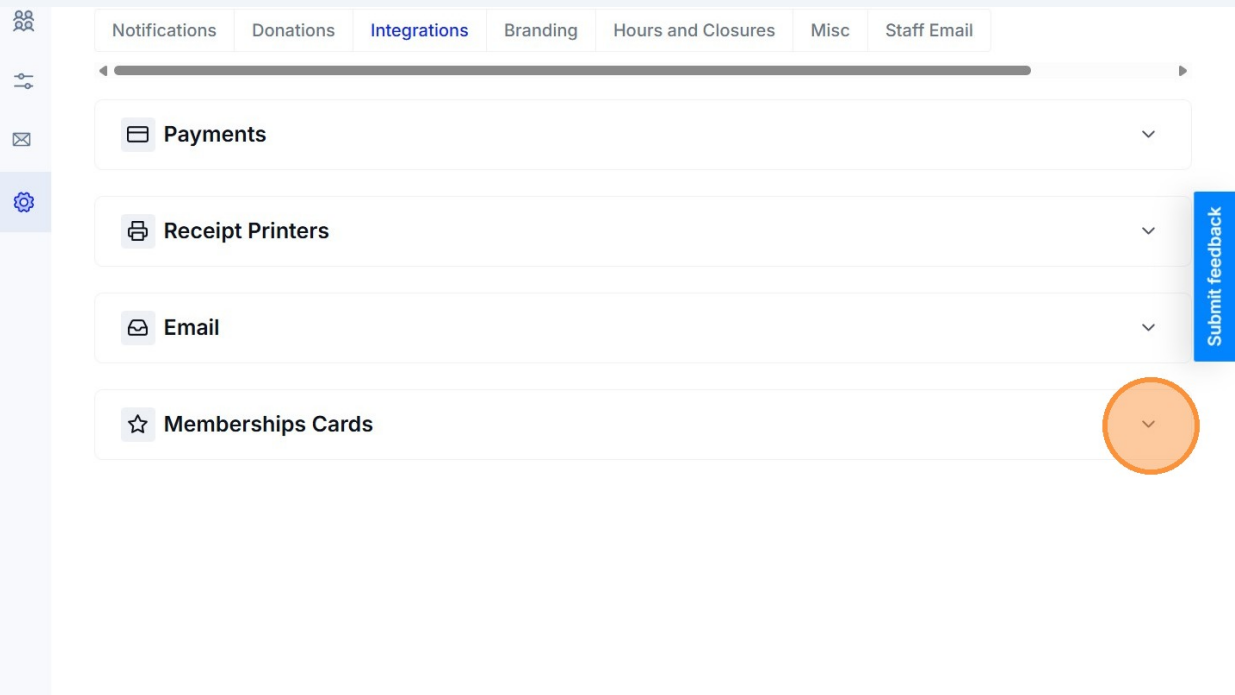

2 Click "Settings"

3 Select "Integrations" from the Setting tabs.

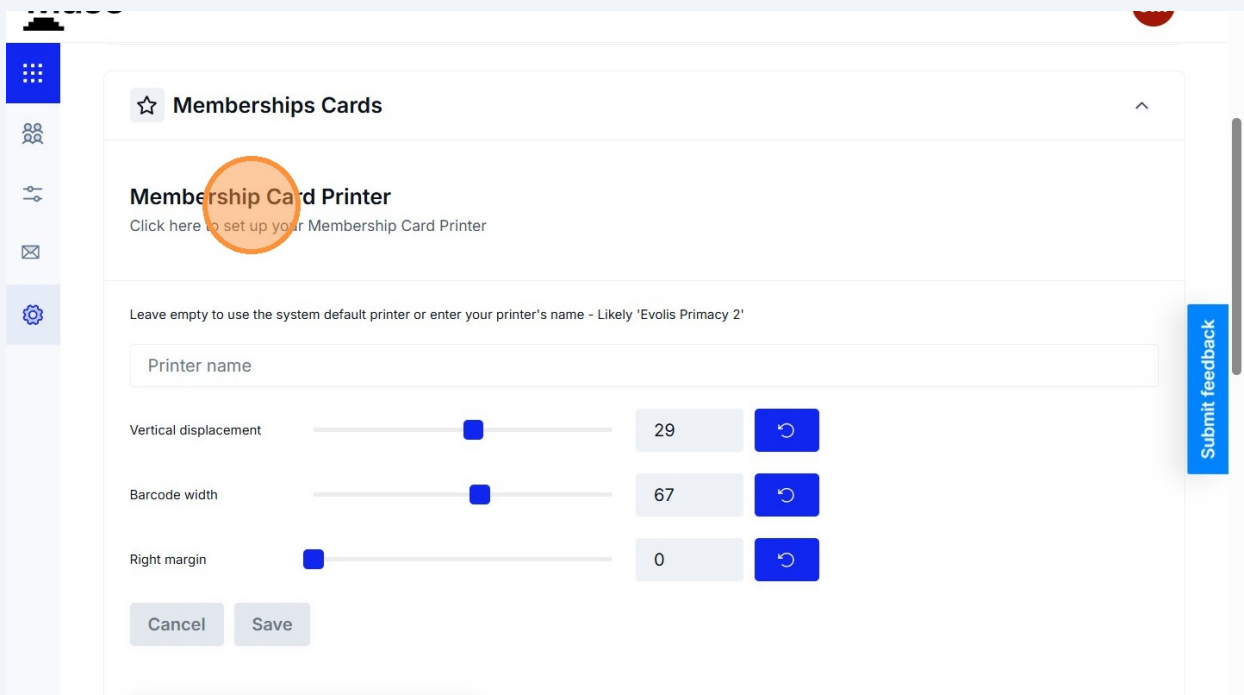

4 Click the caret to expand the Membership Cards section.

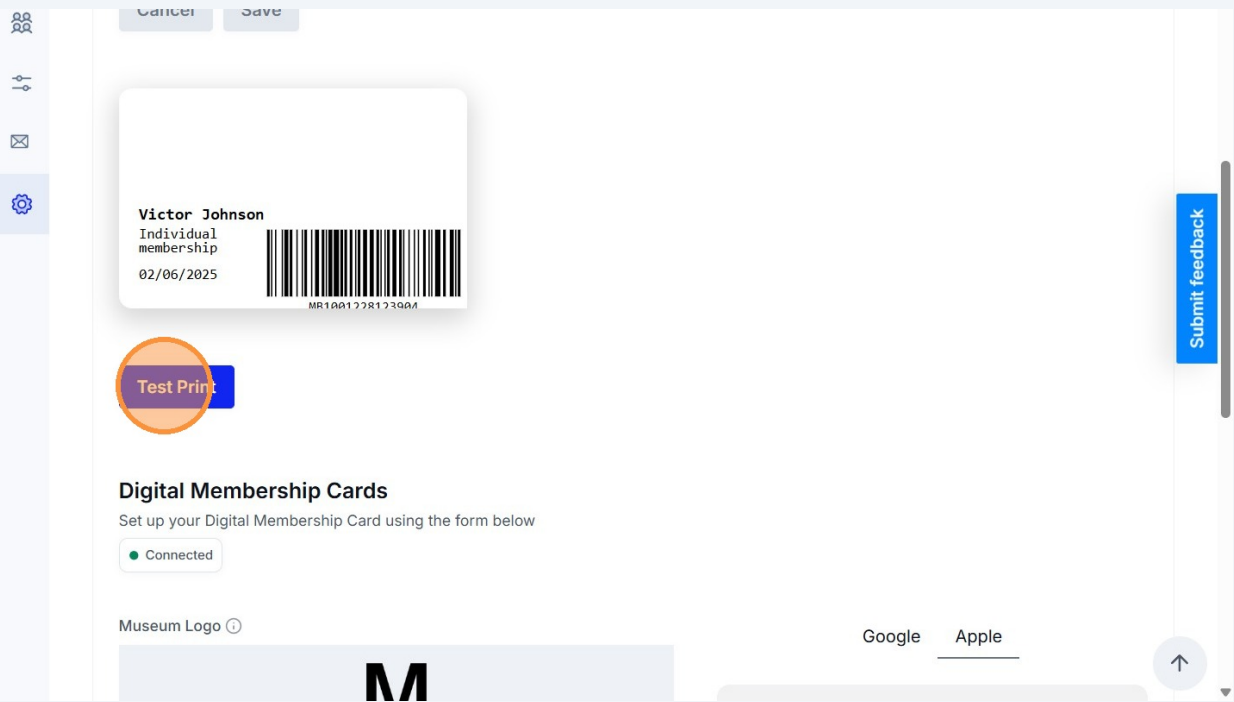

5 Click "Membership Card Printer" if you wish to provide members with physical cards. From here, you'll save your printer name, and image/barcode placement and margins.

Click "Save" when complete.

6

View a sample card with your configured layout, and "Test Print" to ensure the card meets your specifications.

7

Next, you'll manage the design of your Digital Membership Cards.

8

Click the area below "Museum Logo" to upload your logo image file.

Museum Logo ⓘ

Images must be 660 x 660px JPG or PNG.

For design consistency, we recommended uploading a circular image of these dimensions in PNG format.

Note that Museum Logo on Google will always be on a white background.
