

How to Create and Configure Exhibitions

Learn how to effectively manage your museum or venue exhibitions by setting up new events and defining custom ticket types. This guide provides a walkthrough for configuring exhibition details and establishing pricing structures to streamline your booking process.

Portal Navigation

1 Click the main menu icon.

The screenshot shows the Muse portal interface. The main menu icon, represented by a grid of dots, is circled in orange. The menu is open, showing options: Settings, Users, Roles, Email Templates, and Settings. The Users option is selected, and a table of users is displayed. The table has columns for Email, Role(s), and Status. The status column shows 'Active' for all users. A 'Filter' button and a 'New user' button are visible in the top right corner of the table area.

2 Select "Ticketing".

The screenshot shows the Muse software interface. On the left, a sidebar contains a 'Settings' menu with options: Fundraising, Ticketing (highlighted with an orange circle), Operations, Reports, Accounting, and Settings. The main area displays a table of users with columns for Email, Role(s), and Status. The table lists 12 users, all with the role 'Museum Admin' and status 'Active'.

3 Navigate to "Events" in the sidebar.

The screenshot shows the Muse software interface with the 'Events' section selected in the sidebar. The main area displays a dashboard with three cards: 'Revenue' (showing \$170), 'Tickets sold' (showing 3), and 'Events reached capacity' (showing 0). Below the cards is a table of events with columns for Date and Time, Venue, Capacity, Sold, % of Spots Sold, and Status. The table lists one event: 'Oct 20, 2026 at 10:30am' at 'N/A' venue, with a capacity of 50, 4 sold, 8% of spots sold, and status 'Upcoming'.

Date and Time	Venue	Capacity	Sold	% of Spots Sold	Status
